PROJECTS

Bank Loan Applications Dashboard | Excel, Pivot Tables, Power Query | 2026

- Built an interactive KPI dashboard by analyzing 14.4K+ loan applications worth \$169M, tracking 84% Good Loan Rate, 12.30% Average Interest Rate, and 13.35% DTI.
- Used Pivot Tables and Power Query to automate reporting and generate insights by loan grade, purpose, employment length, and state.

Blinkit E-Commerce Sales Dashboard | Excel, Power BI, DAX | 2026

- Developed a Power BI dashboard analyzing \$1.20M sales across 8,523 items with interactive KPI reporting.
- Created business-ready visualizations to evaluate outlet performance, product categories, and sales trends for decision-making.

Employee Attrition Analysis | Excel, Power BI, DAX | 2026

- Built an HR analytics dashboard analyzing 1,000+ employee records and reporting an overall 12.64% attrition rate.
- Identified key attrition trends across departments, job roles, salary levels, and work-life balance to support workforce planning.

EXPERIENCE

Research & Development Head

Vitt 'N' Nivesh, Bharati College, University of Delhi | Aug 2025 – Apr 2026

- Led a team of 5–7 members, coordinating research, data validation, and documentation to deliver 10+ high-quality research projects within deadlines.

Student NEP Saarthi

Bharati College, University of Delhi | Sept 2024 – Apr 2026

- Guided students on NEP 2020 course selection and supported a 500+ student cohort by resolving academic queries and coordinating with faculty.
